

How to Observe Statistics for your Blog

1. Activate the Wordpress Stats plugin.

2. It will ask for a Wordpress API Key.

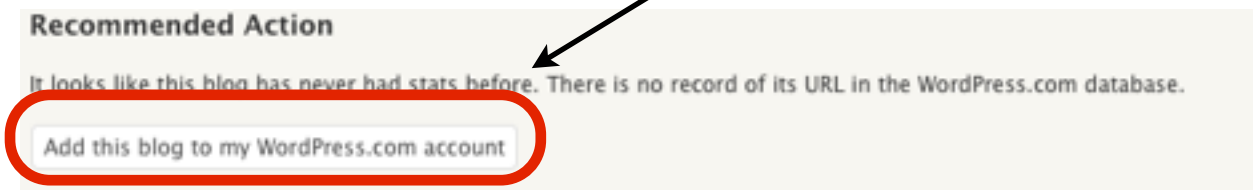

3. Enter an API key. The school has one already.

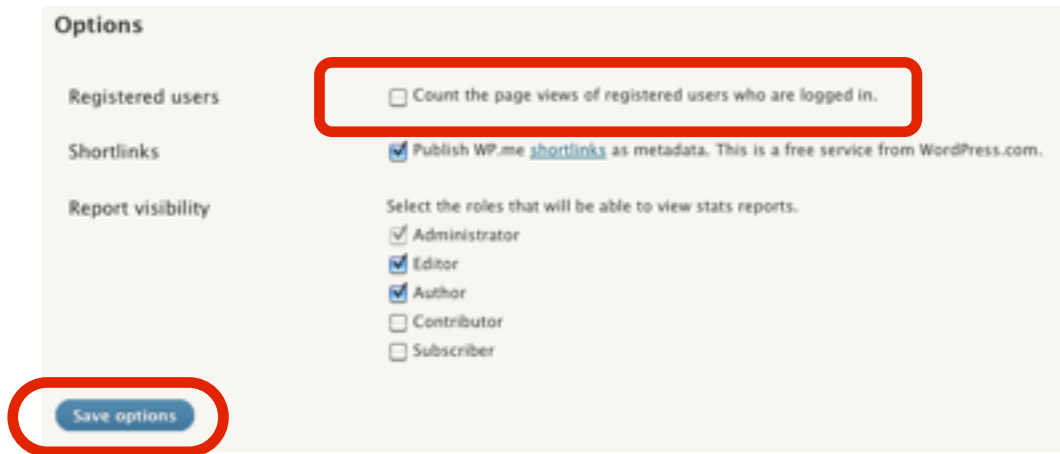

Use `bd504f60bb37` . It is a one time event.

4. Click save.

5. Dialogue comes up and asks you what to do. Click here.

6. Choose whether you want you logged in students to count in stats.
7. Click save

7. Your site stats can now be viewed in the uppermost section of the Dashboard.
